Ease of communication and collaboration are vital to the ongoing efforts to create a more responsive, adaptable and dynamic workforce system.

The Region 1 Community of Practice facilitates such communication and collaboration by providing a platform for Region 1 state and local workforce system stakeholders to communicate, share, and highlight best practices and innovative strategies to help effectively deliver participant services.

If you're from Region 1 and a part of the workforce system, we encourage you to join in the dialogue. We look forward to hearing from you through Region 1's CoP.
